LIRUNEX ACCOUNT ACCESS GUIDE

Create. Verify. Fund. Select. Review.

CAPITAL. RISK. EXECUTION.

Operational guide / English edition / September 2026

CHECK ELIGIBILITY FIRST

This guide explains the operational path to a third-party broker. It is not investment advice, a recommendation, or a guarantee of access or performance.

01 / ELIGIBILITY

Availability is jurisdiction-dependent

Lirunex states that services are unavailable in certain jurisdictions, including the United States. Do not attempt to bypass regional controls. Confirm eligibility directly with Lirunex before registration or funding.

If Lirunex does not accept your jurisdiction, stop here.

02 / CUSTODY

Capital remains with the broker

Bullish Horizons Group does not receive deposits through this guide. Registration, identity verification, deposits, withdrawals, and account custody occur inside the official Lirunex client environment.

SIGN IN TO LIRUNEX

Wrong asset or network can cause permanent loss. If labels differ, stop and contact Lirunex support.

A confirmed crypto deposit may first appear in My Wallet. It is not connected to a BHG strategy until the broker completes the selected allocation.

- 02 TRANSFER IF REQUIRED** If prompted, move funds from My Wallet to the eligible investment or trading account.
- 03 OPEN DIRECT LINK** Use Strategy ID 831 for RC or Strategy ID 832 for SW.

- 06 REVIEW TERMS** Check fees, risk settings, amount, withdrawal rules, and strategy identity.
- 07 CONFIRM** Submit once. Verify the strategy appears under your active investments.

CONTROL POINT

Portal labels can change by account type and version. Never guess: if My Wallet, Transfer, Follow, Invest, or the strategy ID does not match, stop and request broker support before confirming.
